DETAILED ACTION

Drawings

1. The drawings are objected to under 37 CFR 1.83(a). The drawings must show every feature of the invention specified in the claims. Therefore, the axles, wheels, a front engine, and a drive shaft must be shown or the feature(s) canceled from the claim(s). No new matter should be entered.

A proposed drawing correction or corrected drawings are required in reply to the Office action to avoid abandonment of the application. The objection to the drawings will not be held in abeyance.

Conclusion

2. This application is in condition for allowance except for the following formal matters:

Formal drawings are required including every feature of the invention specified in the claims and any structural detail that is essential for a proper understanding of the disclosed invention.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 1935 C.D. 11, 453 O.G. 213.

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. Konishi, et al discloses some features in common with the present invention such as a torque distribution control system in a vehicle comprising left and right rear axles having a drive shaft coupled to the rear axles.
